This cake's motif was used throughout bride Jessica Friess' eco-friendly Duluth wedding, reflected in her invitations, programs and stamps. The billboard treatment that splits the pattern across three tiers was the result of several long-distance exchanges between the bride, her wedding planner and baker Robin Martin from Gateaux, Inc. Guests marveled at the design, as well as the chocolate and pistachio mousse inside. *Gateaux, Inc., 763.577.9815, gateaux-inc.com*
